- Can be used with suction and grasping forceps
- Haemorrhoids easily visualised
- Eliminates need for cleaning/sterilisation, reducing risk of cross infection
- 7" working length
- Includes 4 bands in each pack
- Supplied sterile individually packed, in packs of 15

9897 Haemorrhoid Ligator Set, pk/15 £170.00

Haemoband Multi-Ligator

- Disposable device that facilitates the easy Rubber Band Ligation of Haemorrhoids
- Offers a very attractive alternative to current devices by providing an easy to use, ergonomically designed product, pre-loaded with four rubber bands
- The unit has been designed to optimise, simplify and substantially reduce cost of the ligation process
- Simple to use, just position the multi-ligator as required and gently squeeze the trigger to induce suction. Continue to pull the trigger to its final position to apply the band, then release the trigger to reduce suction and free the haemorrhoid. Automatically reloaded with the next band ready for immediate use
- Slim 20mm insertion probe
- Optional tubing to assist with the suction process

9832	Haemoband Multi-Ligator, pk/10	£165.50
9833	Suction Tubing 1.5m, pk/10	£10.00

Coated Vicryl Rapide Sutures

- Braided – for easy handling and secure knot tying
- Coated – for smooth passage through tissue and easy knot tie down
- Synthetic – for minimal tissue reaction
- Absorbable – rapid absorption complete by 42 days
- Tensile strength – Approximately 50% of original strength remaining after 5 days
- All of the original tensile strength is lost by 10 -14 days post implantation
- Normally, the removal of the suture is not required

Stitch Cutter Blade

- Traditional carbon steel sterile standard stitch cutter
- Rounded bull nose tip ensures there is no damage to the skin whilst the surgical edge cuts through the suture

7590	Stitch Cutter Blade, pk/100	£9.95
------	-----------------------------	-------

3M Steri-Strip

- Reinforced Steri-Strip skin closures provide general wound support for increased tensile strength and finer wound edge approximation
- 3 Strips in each pack

9793	3 x 75mm, pk/12	£12.75
9794	6 x 75mm, pk/12	£12.75
9795	12 x 100mm, pk/12	£16.35

EpiGlu Skin Adhesive

- Pain free
- Single patient use
- Holds wound edges even under tension e.g. around joint areas
- The first layer polymerises within seconds then multiple layers close and protect the wound from infection
- Easy to apply
- Results in almost no keloid scarring
- Patients can resume daily personal hygiene - washing, showering
- No anaesthetic required

4719	EpiGlu Skin Adhesive, pk/10	£56.40
------	-----------------------------	--------

Emla Cream

- Local anaesthetics, works by numbing the surface of the skin for a short time, helping to stop pain felt on the skin
- Contains two medicines called Lidocaine and Prilocaine
- Suitable for: Injections, blood tests, minor skin operations, tattoos and some types of skin graft

9796	Emla Cream 5gm	P £2.70
9797	Emla Cream 30gm	P £15.90

Elemental Cautery Handi Set

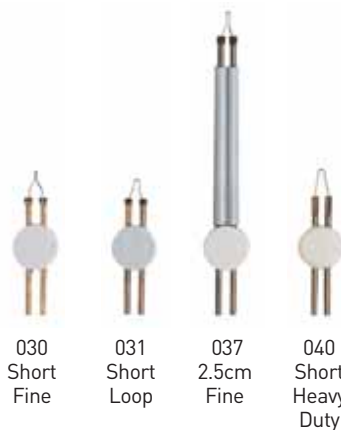

501 Straight Cutter
502 Angled
503 Loop Cutter
504 Needle Cold Point
505 Co-agulation Ball

- Robust chrome-brass handle, with exact contact control and Teflon connector
- Tips manufactured from platinum-iridium, long lasting, non oxidising
- Fully autoclaveable handle and tips – excluding batteries
- 501, 504, 505 burners available as single use - please specify number when ordering
- 501, 502, 503, 504, 505 burners available as reusable - please specify number when ordering
- Supplied with 5 tips; Coagulation ball, Straight tip, Angled tip, Loop and Cold point in case with 2 x AA batteries

6919	Handi Set with 5 x Reusable Tips	£245.00
6922	Reusable Tips - specify number	£27.50
6916	Single Use Tips - specify number	£19.50

Battery Operated Cautery Set

030 Short Fine
031 Short Loop
037 2.5cm Fine
040 Short Heavy Duty

- Economical battery powered cautery
- Suitable for basic application minor surgery
- Simple push connection tips
- Fingertip power control
- Includes range of disposable single use tips available
- Supplied with 2 x large, 2 x small disposable tips and 2 x AA batteries in case

6927	Cautery Set with 4 x Single Use Tips	£45.00
6928	Single Use Tips - specify number	£8.00

Disposable Single Patient Use Cauteries

Disposable Single Patient Use Cauteries overcomes the problem of cleansing and sterilisation of conventional tips.

- Simple and convenient to use
- Cauterise are supplied sterile
- Choice of tip configuration to cater for most demands

6798	Single Use Cautery 1204°C Fine Tip	£13.50
6799	Single Use Cautery 1204°C Loop Tip	£13.50
6800	Single Use Cautery 982°C Vasectomy Tip	£13.50
6801	Single Use Cautery 1093°C Micro Tip	£13.50
6802	Single Use Cautery 1093°C Microloop Tip	£13.50
6803	Single Use Cautery 871°C Micro Vasectomy Tip	£13.50

Elemental Mains Cautery

- High quality mains cautery unit
- Variable output control up to 20 ampere
- Non-slip adjustable feet
- Robust cables and handle
- Choice of either Standard handle or Pistol Grip control handle
- 201, 204 tips available as single use tips - please specify number when ordering
- 201, 204, 205, 207, 215 available as reusable tips - please specify number when ordering
- Tips manufactured from platinum-iridium, non oxidising, non corroding
- Supplied with 5cm reusable tips; Coagulation ball, Ring cutter tip, Straight tip, Loop and Cold point

6893	Cautery Mains Unit with 5 Tips, Pistol Grip Handle	£789.00
6894	Cautery Mains Unit with 5 Tips, Standard Grip Handle	£789.00
6895	Reusable Tips - specify number	£47.50
6910	Single Use Tips - specify number	£19.50

Elemental Rechargeable Cautery Set

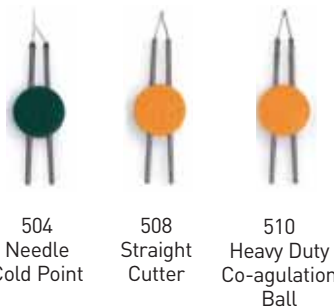

- Elemental Cautery system with rechargeable power supply
- Exceptionally compact 'foot-print' on desk charger, ideal for surfaces where space is at a premium
- Hygienic design - no awkward or difficult to clean areas
- Simple to use - just plug-in, recharge and use
- Intelligent charging system with NiMH rechargeable battery
- Fully charged from empty in 3 hours
- 10 to 15 minutes continual operation from a full charge
- Twin lamp charging indicators
- Slim handle with exact-touch control, highly accurate and well balanced in use
- Fully autoclaveable handle and tips (excluding battery)
- 504, 510 available as single use burners, please specify number when ordering

3 Burner Set comprises:

- Ring Cutter
- Straight Cutter
- Coagulation Ball

5 Burner Set comprises:

- Ring Cutter
- Straight Cutter
- Coagulation Ball
- Needle/Cold Point
- Angled Tip

6913	Rechargeable Cautery without Burners	£509.00
6914	3-Burner Set	£87.00
6915	5-Burner Set	£138.00
6916	Single Use Burners - specify number	£19.50

Coa-Comp M Automatic Bipolar Electro Coagulator

NEW

- Lightweight, cost-effective and ideal for any surgical environment demanding fast and precise bipolar coagulation
- The intelligent coagulation system gives an improved aesthetic result for the patient and extends the life of the equipment
- Small, light and quick to deploy, perfect for rapid reaction bleeding
- Computer controlled coagulation prevents charring of tissue
- Stops coagulation before the tissue is over-coagulated, therefore enhancing the non-stick characteristics of bipolar instruments
- With a pair of bipolar scissors connected to the Coa-Comp M the automatic operation can be used for haemostasis right between the cutting edges
- Bipolar forceps needs to be ordered separately

9822	Coa-Comp M Electro Coagulator	£2500.00
4724	Single Use Bipolar Forceps with Cable, pk/20	£379.00
9823	Reusable 4.5" Bipolar Forceps with Cable	£178.00

Acu-Evac IE II Surgical Smoke Evacuator

Hyfreacator not included

Invest in the safety of your staff and patients

Advanced, patented, high efficiency filtration system for eliminating surgical smoke plume which may contain hazardous bio-aerosols, live and dead cellular matter (including blood fragments & viruses). Surgical smoke plume can also be carcinogenic, which is another key reason to invest in the Acu-Evac to protect patients and staff.

- Can be used with both Hyfreacator 2000 and Schuco 120 Electrosurgical Unit - a mounting bracket is required for the Schuco 120
- Eliminates unpleasant odours associated with electro surgery or cautery
- Powerful, portable, easily stored
- Boom arm allows single operator use, with both hands free to perform skin surgery
- System comprises of one of each:- Acu-Evac IE II machine, Main Filter, TX Nozzle, all tubing, footswitch, mobile stand & boom arm

4729	Acu-Evac IE II Surgical Smoke Evacuator	£1995.00
7537	Acu-Evac IE IMounting Bracket for Schuco 120	£170.00

Hyfrecator 2000 Electrosurgery Unit

- Ideal for the treatment of Benign Moles, Common viral warts, Seborrheic warts, Skin tags, Solar keratoses, Spider naevi, Telangiectasias, Venereal warts, etc
- Complete all-in-one ready-to-use diathermy machine
- Remote power control, saving procedure time
- Allows 3 separate power settings to be stored - low power, hi power and bipolar
- Precise rapid destruction of all types of cutaneous lesion - both superficial and deep
- Controls surgical bleeding simply, quickly and effectively
- Delivers rapid, precise destruction of all types of cutaneous malformation, including telangiectasia and unwanted hair growth
- Provides controlled tissue coagulation and precise surgical haemostasis using bipolar coagulation
- Small lesions can be treated without anaesthesia
- Fingertip control for increasing and decreasing power
- Digital power display
- Pack includes: reusable hand switching pencil, starter box of non-sterile electrolase tips blunt & sharp, patient plate, wall mount kit, operators manual and training CD

Hyfrecator 2000FS

- Specification as above but with footswitch making this model ideal for delicate procedures. The operator can control power on/off from the foot pedal rather than the handpiece

Hyfrecator 2000FSB

- Specification as above but with footswitch and bipolar forceps for coagulation and haemostasis

Now includes Patient Plate

2704	Hyfrecator 2000 with Switching Handle	1	£1070.00
4721	Hyfrecator 2000FS with Foot Switch		£1268.00
4722	Hyfrecator 2000FSB with Bipolar Forceps & Footswitch		£1446.00

Hyfrecator Accessories

2705	Hyfrecator Footswitch Conversion Kit for code 2704		£198.00
2706	Hyfrecator Bipolar Conversion Kit for codes 2704 & 4721		£376.00
2707	Hyfrecator Mobile Pedestal Stand	2	£249.00

Single Use Hyfrecator Consumables

4724	Single Use Bipolar Forceps with Cable, pk/20	£379.00
4725	Single Use Electrolase Tips Non Sterile Sharp, pk/100	£59.00
4726	Single Use Electrolase Tips Non Sterile Blunt, pk/100	£59.00
2708	Single Use Electrolase Tips Sterile Sharp, pk/50	£59.00
2709	Single Use Electrolase Tips Sterile Blunt, pk/50	£59.00
4727	Disposable Handle Sheaths Non Sterile, pk/100	£19.00
2710	Disposable Handle Sheaths Sterile, pk/25	£75.00
4728	Single Use Vasectomy Needle Electrode, pk/40	£109.00

Schuco 120 Electrosurgical Unit

Schuco 120 is an electrosurgical unit for minimally invasive surgical procedures – ideal for the treatment of a variety of skin conditions. This unit will give you the flexibility of cut, coagulation as well as a combined cut and coagulation setting.

- Pure cut, CUT
- Coagulated cut, BLEND
- Superficial coagulation, COAG FORCED
- Deep coagulation - without carbonisation, COAG SOFT
- Bipolar coagulation, BIPOLAR with adaptor

Supplied complete with the following re-usable accessories:

- Cable for neutral plate disposable/5365
- Assorted electrodes 5cm, pack of 10
- User manual
- Footswitch
- Power lead 2 metre
- Re-usable handle with finger switches
- Steel neutral electrode size 12 x 16 cm

4720	Schuco 120 Electrosurgical Unit	£1645.00
------	---------------------------------	----------

Histofreezer®

- A professional-grade product that offers medical professionals an easy and effective method to treat nine different types of skin lesions, including common plantar and genital warts and other common benign skin lesions
- Ultra-portable, one-handed operation
- Treatment takes less than 60 seconds
- Clinically-proven results, safe and easy to use
- Results are comparable to liquid nitrogen with a lower risk of scarring
- CFC-free and ozone-friendly

9462-2	Histofreezer with 60 x 2mm Applicators	£74.00
9462-5	Histofreezer with 50 x 5mm Applicators	£72.00

Dermafreeze™

- Controlled delivery of an aerosol based cryogen, freezes down to -50°C
- Cryofunnel™ allows liquid nitrogen to be delivered precisely to verrucas, warts, skin tags, papillomas and other benign superficial skin growths
- Cryofunnel™ triangles provides circular openings of 5mm, 10mm and 15mm
- For smaller areas foam tipped applicators of 2mm and 5mm can be used
- Up to 80 individual treatments from each can
- Dermafreeze™ 200ml supplied with 30 x Cryofunnel™ triangles, 40 x Cryotips™ - 20 each 2mm and 5mm

7564	Dermafreeze	£54.95
3099	Dermafreeze 200ml Refill Can	1 £29.95
3100	Dermafreeze Cryofunnel™, pk/30	2 £9.95
3101-2	Dermafreeze Cryotips™ 2mm, pk/20	3 £9.95
3101-5	Dermafreeze Cryotips™ 5mm, pk/20	£9.95

Cryospray 59

- Dispensing head designed for greater control
- Delivers up to 60 applications
- Designed to freeze tissue to temperatures of around -59°C
- Includes 12 cotton wool tipped applicators for the treatment of small verrucas
- 300ml

0460	Cryospray 59	£34.25
------	--------------	--------

Cryoalfa Super Portable Cryosurgery Pencil

- The freezing of tissue requires a high freezing speed, at the rate of minimum of 100 K / min
- Cryosurgical devices are provided with a specific liquid gas dosing feeder
- Operator is able to bring out precisely the liquid N_2O gas onto the lesion without gas loss
- With a temperature of -89°C / -128°F the liquid gas evaporates on the lesion
- Removes heat from the surrounding tissue and effects a freezing of the treated area
- Low temperature is converted to therapeutic energy nearly without loss
- Tissue cells are destroyed irrevocably
- Dimensions: L125 mm; \varnothing 23 mm
- Weight: Fully filled with gas = ~ 60g
Empty cartridge = ~ 45g

Cartridge

- Content: Nitrous oxide gas (N_2O)
- Melting point: -128°F (-89°C)
- Net weight: 15.0 +/- 0.4g

9699	Cryoalfa Super	£199.00
9700	Cartridge 16g	£25.00

Liquid Nitrogen Spray Jet Dispenser

FREE
CARRY CASE
INCLUDED
Worth £45.00

- Used to treat a wide range of benign and malignant skin lesions
- Delivers a precise fine spray of liquid nitrogen to the site of the lesion in a reproducible manner
- Flask available in two sizes; 330ml or 450ml
- Supplied with four spray tips and lance
- Complete in lockable robust carrying case
- Additional probes and safety shield & gloves available
- Service and repair facility

With Ongoing Service & Repair Facility

7000	CP33 330ml capacity with Carry Case	1	£435.00
7001	CP45 450ml capacity with Carry Case		£455.00
7004-1	Slim Probe 1mm	2	£49.00
7004-2	Slim Probe 2mm		£49.00
7004-3	Slim Probe 3mm		£49.00
7002	Cryo Safety Face Shield	3	£42.85
7003	Cryo Gloves, pair	4	£32.85

Training in the Safe Use of Liquid Nitrogen & Equipment

We are pleased to offer on-site training lasting between 2 to 3 hours providing both instruction and practical tuition using your equipment.

The training will be for up to 4 key personnel. Training will take place once the equipment has been delivered.

7145	Cryogenic Training	£285.00
------	--------------------	---------

Training offshore and Scottish Highlands will be by quotation

If you need Cryolab Liquid Nitrogen Storage Dewars please contact us

CryoSuccess Portable Cryosurgery Pencil

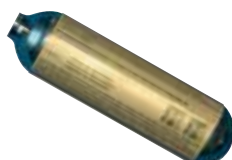

- A simple and effective handheld Cryotherapy device for accurate treatment of skin lesions making it ideal for minor surgery applications
- **Cartridge provides 30-40 treatments**
- Freezes to -89°C and to a depth of 3mm
- Cartridge can be removed at any time - for longer term storage or transport - and then rapidly reconnected
- Comprises: 1 x CryoSuccess (with standard 1mm application tip & protective cap), 1 x cartridge, 1 x pin, 1 x instructions for use, all contained in an ABS protective case

2702	CryoSuccess	£595.00
------	-------------	---------

Replacement CryoSuccess Cartridge

- Cartridge provides 30-40 treatments
- Cartridge can be safely removed from the head in between clinics, which prevents leakage

For CryoAlfa cartridges please enquire

2703	CryoSuccess Cartridges, 23.5g inbuilt filter	£31.40
