

pulse oximeters & vital signs

BCI Digit® Pulse Oximeter

BCI™

- Combines monitor and sensor into one lightweight, pocket-size, portable solution
- Easy-to-use, one-button keypad
- Provides fast, reliable SpO₂, pulse rate and strength measurements
- Monitor patients ranging from paediatric to adult
- Large LED display for use in a wide range of light or dark environments
- Auto power shutdown after 8 seconds when not in use
- Low-battery indicator flashes when remaining battery time drops under 30 minutes
- Rugged design features four springs enclosed in a high impact polycarbonate shell

5676 Digit® Pulse Oximeter £135.00

BCI® 3301 Pulse Oximeter

- Durable yet lightweight design
- Ergonomically designed to fit your hand comfortably
- Bright, easy-to-read LED numerals
- Quantitative pulse strength bar on screen
- Fast, reliable SpO₂ and pulse rate measurements
- Stores data for up to 99 different patients
- Simple On/Off control with auto shut-off to conserve battery life
- Powered by 3 easily replaceable C batteries
- Monitor patients ranging from neonate to adult
- Dimensions: 17.2H x 8.4W x 3.7D cm
- Weight: 462g with batteries
- Supplied with adult sensor

5674	3301 Pulse Oximeter	£265.00
5679	Infant Oximetry Wrap Sensor	£75.00
5680	Neonate Oximetry Wrap Sensor	£75.00
5681	Oximetry Finger Sensor	£95.00
5682	Universal 'Y' Oximetry Sensor	£95.00
5684	Ear Oximetry Sensor	£99.00
5685	Paediatric Finger Sensor	£85.00
5686	Protective Rubber Boot for 3301, with Strap	£40.00

BCI® Capnocheck® II Capnograph/ Oximeter

- Choice of two models; with or without pulse oximetry
- Measures End Tidal CO₂, inspired CO₂, respiration and heart rate
- Provides waveforms, numeric values and on-screen trending
- Easy-to-read back-lit LCD display
- Adjustable alarm limits, as well as visual and auditory alarms
- Sidestream technology accommodates intubated and non-intubated patients
- Lightweight for easy transport
- Infrared link to an external printer assures trouble-free download
- Monitor patients ranging from paediatric to adult
- Supplied with Lithium Ion battery & charger
- Dimensions: 12.2H x 11.1W x 7.37D cm
- Weight: 630g

5677	Capnocheck® II with Oximeter	£1350.00
5678	Capnocheck® II without Oximeter	£1050.00

pulse oximeters & vital signs

Nonin 8500 Hand Held Digital Oximeter

- 5 year inclusive guarantee includes finger sensor as well as main unit and accidental damage if dropped
- Complies to ISO 9919 "requirement for the basic safety and essential performance of pulse oximeters in medical use"
- Ease to read display of SpO₂
- Finger clip sensor supplied
- 100 hours battery life
- Accuracy ± 2%
- Requires no periodic maintenance or calibration
- Dimension: 15H x 8W x 2.5D cm
- Weight 125g, with batteries 250g
- Supplied with adult sensor, 6 x AA batteries

5031	8500 Oximeter	£349.00
5032	8500 Oximeter Padded Blue Case	£49.50
5037	Large Adult Finger Sensor with 1m cable	£149.00

Nonin 9500 Onyx™ Digital Finger Pulse Oximeter

- 5 year inclusive guarantee includes finger sensor as well as main unit and accidental damage if dropped
- Complies to ISO 9919 "requirement for the basic safety and essential performance of pulse oximeters in medical use"
- Switches on automatically
- Simple to use, with easy to read displays of SpO₂ and pulse rate
- Provides 18 hours continuous use
- Signal quality indicator light
- Low battery indicator
- Switches off after 10 seconds
- Supplied with neck cord, 2 x AAA batteries and soft case
- Dimensions: 3.3H x 3.3W x 5.7D cm
- Weight: 60g - including batteries

5029	9500 Onyx™ Finger Pulse Oximeter with Soft Carry Case	£169.00
------	---	---------

Nonin 2500 PalmSAT™ Digital Oximeter

- 5 year inclusive guarantee includes finger sensor as well as main unit and accidental damage if dropped
- Complies to ISO 9919 "requirement for the basic safety and essential performance of pulse oximeters in medical use"
- Choice of 2 models with or without adjustable alarms
- Simple two-button operation
- Memory capacity up to 72 hours of data
- Large LED display
- Supplied with adult sensor, 4 x AA batteries

5033	2500 PalmSAT™ Pulse Oximeter with Memory	£449.00
5034	2500 PalmSAT™ Pulse Oximeter with Memory & Alarm	£499.00
5035	2500 PalmSAT™ Soft Carry Case, Yellow	£24.95
5036	nVision™ PC Software for Nonin 2500 PalmSAT™	£279.00
5037	Large Adult Finger Sensor with 1m cable	£149.00

Nonin 9550 Onyx II™ Digital Finger Pulse Oximeter

- 5 year inclusive guarantee includes finger sensor as well as main unit and accidental damage if dropped
- Complies to ISO 9919 "requirement for the basic safety and essential performance of pulse oximeters in medical use"
- Simple to use, with easy to read displays of SpO₂ and pulse rate
- Switches on/off automatically
- Large display
- Signal pulse indication; Green, Amber, Red
- Up to 2500 spot checks before batteries need replacing
- Low battery indicator
- Provides 18 hours continuous use
- Supplied with neck cord, 2 x AAA batteries and soft case
- Dimensions: 3.3H x 3.3W x 5.7D cm
- Weight: 60g - including batteries

5030	9550 Onyx II™ Finger Pulse Oximeter with Soft Carry Case	£229.00

pulse oximeters & vital signs

M-Pulse™ Lite Oximeter

- OLED display – Low-energy and long-life
- Measures SpO₂ and Pulse Rate
- SpO₂ Range: 70 – 99%
- Pulse Rate Range: 30 – 235bpm
- Low power consumption (approx 30 hours of battery life)
- Auto power off
- Universal finger clip – suitable for adults, children and neonatal patients
- Requires 2 x AAA batteries - supplied
- Dimensions: 5.8H x 3.2W x 3.4D cm
- Weight: 50g including batteries

9521	M-Pulse™ Lite Oximeter	£65.00
9522	Oximeter Case	£4.95

M-Pulse™ Oximeter

- OLED display – Low-energy and long-life
- Measures SpO₂, Pulse Rate and Pleth Waveform
- SpO₂ Range: 70 – 99%
- Pulse Rate Range: 30 – 235bpm
- 6 display modes
- Low power consumption (approx 30 hours of battery life)
- Auto power off
- Universal finger clip – suitable for adults, children and neonatal patients
- Adjustable illumination – 10 brightness levels
- Requires 2 x AAA batteries - supplied
- Dimensions: 5.8H x 3.2W x 3.4D cm
- Weight: 50g including batteries

9520	M-Pulse™ Oximeter	£77.50
9522	Oximeter Case	£4.95

Guardian 50B Compact Pulse Oximeter

- Compact finger reading pulse oximeter
- LCD display showing SpO₂, pulse rate, pulse wave, pulse bar and battery condition
- Auto-off after 8 seconds
- Battery life approx 30 hours continuous measurement
- Low voltage warning
- Requires 2 x AAA batteries - not supplied
- Dimensions: 6.5H x 3.5W x 4D cm
- Weight: 75g including batteries
- Supplied with lanyard

3862	50B Compact Pulse Oximeter	£64.00
6804	Duracell AAA Size Batteries, pk/4	£2.90

Guardian 50D Compact Pulse Oximeter

- Pulse oximeter 6 display modes:
 - Right handed with pulse wave
 - Right handed with pulse line
 - Right handed with pulse bar
 - Left handed with pulse bar
 - Vertical reading with pulse bar
 - Inverted vertical reading with pulse bar
- Ideal for ambidextrous use
- Unique multi-display
- Organic LCD for optimum display clarity showing SpO₂, pulse rate and pulse bar
- Battery life approx 30 hours continuous measurement
- Low voltage warning
- Requires 2 x AAA batteries - not supplied
- Dimensions: 5.8H x 3.2W x 3.44D cm
- Weight: 50g including batteries
- Supplied with lanyard

3864	50D Compact Pulse Oximeter	£74.00
6804	Duracell AAA Size Batteries, pk/4	£2.90

Guardian 60D Pulse Oximeter

- Fully functional hand held pulse oximeter with finger sensor
- Patient ID for up to 255 patients stored under ID number
- Spontaneous measurement
- Multiple alarm settings SpO₂ high and low BPM high and low
- Audible alarm on/off setting with high, medium and low priority
- Alarms for physiological condition or technical malfunction
- Visual and audible alarms
- Uses industry standard BCI probes
- 4 x AAA batteries (not supplied) provide 48 hours continuous use
- Memory 72 hours of SpO₂ and BPM at 1 minute sampling
- Dimensions: 12H x 6W x 2.2D cm
- Supplied with adult sensor

6808	60D Pulse Oximeter	£279.00
6804	Duracell AAA Size Batteries, pk/4	£2.90

Guardian 50F Pulse Oximeter

- For spot checking of blood oxygen saturation and pulse rate
- Can be used for monitoring daily activities and overnight sleep studies
- Compact and lightweight design fits comfortably on patients wrist
- High accuracy
- 256k colour OLED display programmable in 4 directions
- OLED bar graph display of pulse strength
- Battery condition indicator
- USB interface for data download and recharging
- Software included
- Flash memory for data storage
- 3.7v Lithium rechargeable battery with no memory function
- Programmable alarms
- Simple and intuitive to use

9357	50F Pulse Oximeter	£295.00
------	--------------------	---------

pulse oximeters & vital signs

Daray V409 Finger Pulse Oximeter

- Simple and comfortable to use
- Clear, wide-angle OLED display
- Real-time display of SpO₂ range 35-99%
- Accuracy $\pm 2\%$ for SpO₂ and ± 2 BP for pulse
- Lightweight 50g including batteries
- Auto power-off after 8 seconds
- Graphical pulse rate display
- 100 hours battery life
- Low-battery indicator
- Rotational display
- Supplied complete with lanyard and batteries

8482 V409 Finger Pulse Oximeter £99.00

Daray V501 Finger Pulse Oximeter

DARAY
HEALTHCARE PRODUCTS

- Simple and comfortable to use
- Graphical pulse rate display
- 50 hours battery life
- Low battery indicator
- Auto rotation display
- Clear, wide-angle LCD display
- Auto power-off after 8 seconds
- Lightweight, 50g including batteries
- Supplied complete with lanyard and batteries

6617 V501 Finger Pulse Oximeter £135.00

Daray V406 Paediatric Finger Pulse Oximeter

- Designed for paediatric use
- Small and lightweight
- Easy to use
- Rechargeable Lithium Ion battery
- Displays SpO₂, PR, and Pleth
- Six display modes
- Audio alarm
- Screen rotation function
- Automatic power off
- Low battery indicator
- Low power consumption
- Available in blue
- Supplied complete with battery charger and lanyard

9952 V406 Paediatric Finger Pulse Oximeter £99.00

Daray V202 Handheld Pulse Oximeter

- Small, light, easy to carry and use
- With a large easy to read LED display
- SpO₂ measurement range 35% - 99%
- Pulse rate measurement range 30-250bpm
- Adjustable audio and visual alarms
- Up to 7 hours continuous operation
- Low battery indicator
- Automatic power-off function
- Dimensions: 6.3H x 12W x 3.2D cm
- Weight: 130g
- Supplied with adult sensor & 3 x AA batteries

6610 V202 Handheld Pulse Oximeter £229.00
6611 Neonatal SpO₂ Sensor £85.00
6613 Paediatric SpO₂ Sensor £85.00

pulse oximeters & vital signs

Huntleigh Smartsigns MP1R Rechargeable MiniPulse

HUNTLEIGH

Designed and built in the UK, this ergonomically designed handheld device, displays the patient's saturation level and pulse rate on large high visibility LED displays. Fast, reliable measurements can be made on all patient groups - Adult, Paediatric and Neonates.

- Simple single key operation, ergonomically styled, fits in your hand.
- More than 120 hours operation from a single pack, automatic shut-off and display-adjust facility conserves battery power
- Advanced battery management - Tri-colour charge identification.
- Easy clean housing
- Full function alarms - physiological and technical
- Integrated protector protects the device in harsh environments.
- Wide range of sensors available
- The device has been designed for the widest possible user group and is ideal for either Spot or Continuous measurements
- Supplied with: Adult sensor, protective cover, IV pole attachment, Integral probe storage facility, environmental carry case and desk stand

5989	MP1R Rechargeable Pulse Oximeter	£482.00
5992	Paediatric Finger Sensor 15-45kg	£107.00
5990	Infant Wrap Sensor 3-15kg	£91.00
5991	Neonatal Wrap Sensor less than 3kg	£91.00

Riester ri-vita® Spot Check Monitor

Riester
The familiar way

- Available with or without Infrared Ear Thermometer
- NIBP, Pulse, MAP, SpO₂, Temperature
- Special mode for neonates
- Large, bright LCD-Display
- Parallel measurement of different vital signs data within seconds
- Shock protected casing
- Simple and ergonomic use with a simple menu and perfectly integrated storage solutions for sensor and adult cuff
- Durable Li-Ion rechargeable battery
- Portable and lightweight
- Optional mobile stand

9951	Spot Check Monitor without Thermometer	£935.00
5894	Spot Check Monitor with Thermometer	£1140.00
5895	Mobile Stand with Basket	£299.00

pulse oximeters & vital signs

Welch Allyn Spot Vital Signs®

WelchAllyn®

Demo Available

Independently Rated as EXCELLENT by NHS PASA

Take vital signs in seconds with hospital-grade technology that spot-checks vital signs easily, accurately and affordably.

- Automated measurement of non-invasive blood pressure (NIBP), pulse rate, temperature and SpO₂ in about 30 seconds
- Flexible configurations yet fully upgradeable to meet your future needs
- Lightweight and portable with a variety of mounting options
- All configurations include: NIBP, pulse rate and MAP
- SureTemp Thermometry and Nellcor Pulse Oximetry are also available

7129	Spot Vital Signs® with BP	£618.00
7130	Spot Vital Signs® with BP & SureTemp Temperature	£693.00
6153	Spot Vital Signs® with BP & Nellcor SPO ₂	£804.00
6182	Probe Covers for SureTemp Plus, pk/1000	£35.00

Welch Allyn Spot Vital Signs® LXi

Demo Available

Independently Rated as EXCELLENT by NHS PASA

The Welch Allyn Spot Vital Signs LXi provides more parameters and options than any other spot-check device on the market. It gathers more measurements quicker, giving you more time to spend with your patients.

- SureBP™ blood pressure and pulse rate measurement in about 15 seconds
- SureTemp® Plus thermometer with model code 7131 or BraunThermoScan® PRO 4000 ear thermometer with model code 7132
- Nellcor® pulse oximetry with model code 7132
- Manual weight, height, respiration rate, and pain level entry; calculates Body Mass Index
- 50-reading memory to retrieve previous data for review or to download later

7131	Spot Vital Signs® LXi with SureBP & PRO4000 Thermometry	£1397.00
7132	Spot Vital Signs® LXi with SureBP, Nellcor SPO ₂ & SureTemp Plus Thermometry	£1508.00
6182	Probe Covers for SureTemp Plus, pk/1000	£35.00
6183	Probe Covers for Pro3000/Pro4000, pk/800	£47.00
